Baby Plan or Baby Plan Plus

There is a fee of \$75 for the Baby Plan and a fee of \$125 for the Baby Plan Plus. Your child must be photographed at least 4 times within the first year (either 3-6-9-12 or 15 months).

Most sessions will be on a white background using mostly white props, therefore we suggest pastel clothing. Please contact our studio to let us help with clothing questions. Two consecutively missed sessions will void your Baby Plan discount. With the Baby Plan Plus after the first year you will receive a 4 panel frame with a portrait from each of the four sessions.

At three months babies are fresh, new human beings. A three month portrait will preserve that time of newness.

By the sixth or seventh month babies are so lovable! Portraits at this age are a perfect time to reveal chubby little arms and legs - and even backsides!

Around the ninth month many babies begin to strike out on their own. Well on the way to becoming a real little person and letting everyone know "you won't hold on to me for long!"

At one year the permanent facial characteristics begin to reveal a family likeness. For the child who is now walking, the perfect message of the portrait is "I'm free!"
